Lead Consultant Clinical Psychologist in Neuropsychology, Leeds Teaching Hospitals Trust

(2018-present)

- This is a clinical and leadership role on a neurorehabilitation ward.
- I will be supervising and managing Clinical Psychologists, working with the senior management team on service development and providing direct and indirect formulation-led psychology interventions.

Principal Clinical Psychologist (Specialising in Neuropsychology), NTW NHS Trust

(2016-2018)

- Neuropsychological assessment including psychometric testing, mental health, and risk
- Specialist psychological therapy – with individual, couples and families using a variety of approaches and managing problems such as adjustment, anger, relationship difficulties and anxiety in the context of brain injury
- Behavioural assessment and management advice – to families and care providers using a psychological formulation approach
- Neuropsychological rehabilitation
- Capacity assessments & contributing to Best Interest decisions
- Supervision of junior psychologists & clinical leadership, research and service development
- Consultancy to other services

Principal Psychologist (Older Adult Psychology Service), Northumbria Health NHS Trust

(2013-2016)

- Management and leadership of the Older Adult Psychology Service
- Provision of psychological assessment, formulation and intervention in community and in-patient services including neuropsychological assessment for the Liaison Psychiatry team and Memory Clinic
- Implementation of psychosocial programmes for maintaining cognitive ability on dementia (Cognitive Stimulation Therapy)
- Working with capacity and safeguarding issues with regards to cognitive impairment and mental health
- Training and supervision of nurses, social workers and junior medics working with dementia patients; clinical supervision of the Lead Specialist Nurse for the Challenging Behaviour Team

Principal Psychologist (Older Adult Psychology Service), Tees Esk and Wear Valley NHS Trust

(2011-2013)

- Development and leadership of a newly commissioned Care Home Liaison Service
- Education to nursing staff to develop psychological formulation-led care plans
- Introduction to psychological thinking around Challenging Behaviour on in-patient wards in Durham
- Neuropsychological assessment for diagnosis confirmation/ differential diagnosis in community team

Consultant Clinical Psychologist, Castlebeck Care Darlington

(2010-2011)

- Psychological assessment, formulation and intervention in 6 in-patient learning disability residential units across the North East
- Education for care staff regarding specific neuropsychological profiles of unit clients
- Psychological therapy with people with mild/borderline cognitive impairments

Principal Clinical Psychologist, NTW NHS Trust

(2006-2010)

- Management, leadership and development of a specialist Challenging Behaviour Service for people in Northumberland with an age-related cognitive impairment
- Formulation-led interventions with staff; liaison with NHS and private provider colleagues
- Education and training for care providers
- Consultancy to specialist private providers
- Capacity and best interests' assessments

Highly Specialised Clinical Psychologist, NNN NHS Trust

(2003-2006)

- Provision of a highly specialist clinical psychology service to a Community Mental Health Team in Northumberland

John Buddle Work Village - Buddle Road - Newcastle upon Tyne - NE4 8AW
